**Welcome, New Member
J Haas Excavating!**

With the hustle and bustle of the holidays behind us, it's a great time to mention that January is Financial Wellness Month. It is an opportune time for us to face our financial condition head-on and prioritize fixing any deficiencies. It also encourages us to put our finances in order as we work towards financial stability. One of the things we at WhiteCap Financial Advisors love most is being able to help our clients feel better about their financial health. Just like having an annual physical with your doctor, we encourage a similar "check-up" for your financial health as well. Happy New
