Business of the Month

Hammond Health Services & Heritage Court

At Hammond Health Services, the goal is to create an environment that affords residents the opportunity to be a partner in the care they receive, to develop trusting relationships with caregivers, and to reach their highest level of independence. They are passionate about making their center The Right Choice for you or your loved one. Proud to serve those who have served our country, Veteran residents are honored upon admission and throughout their time with them. They have a strong relationship with area legions and their auxiliaries who join for special recognition ceremonies for residents and staff.

Situated in a beautiful setting between the golf course and the Hammond Village Park, with an assisted living community attached to a skilled nursing center, Hammond Health Services offers several levels of care for their beloved residents.
